

THE GREAT AMERICAN BATTLE

State Sunday School Association Is Planning Even Greater Accomplishments For Coming Year

Dictator is told to quit quibbling and do honor to American flag. Washington stands on the original demand of Admiral Mayo and Flatly refuses Huerta's suggestion that the salute be a simultaneous one.

Huerta is warned Washington wants no more argument. Final American Note Is Delivered to the Dictator, and He and His Cabinet Consider It—In the Meanwhile the Great American Battle Fleet Is Rapidly Steaming for Mexican Waters.

Mexico City, April 17.—The substance of the reply of the United States government to the demand of President Huerta that there should be a simultaneous salute fired by the Americans when the Mexicans salute the American flag, was delivered yesterday by Nelson O'Shaughnessy, the American charge d'affaires, to Senor Porfirio V. Rojas, the foreign minister. The reply, it is said, was unfavorable to an early adjustment of the situation. It is understood that the matter is being considered at a cabinet meeting tonight.

The cabinet meeting lasted three hours. It was impossible to learn its results from either the ministers or Mr. O'Shaughnessy.

No more argument wanted from Huerta by the United States. Washington, April 17.—The United States has warned General Huerta that no further argument about details for the salute of the American flag will be tolerated.

The Atlantic fleet, in the meantime, continues on its way to Tampico to enforce the Washington government's demands. No time limit has been set for an answer to the final communication according to naval officials. The fleet was twice made by General Huerta that guns from the Mexican shore batteries fire simultaneously with those of the Atlantic fleet.

Rear Admiral Mayo's original demand calling for a twenty-one gun salute, which he promised to return, according to naval officials, has been insisted on. The United States, through Charge O'Shaughnessy, has told Huerta that a satisfactory answer was an unconditional acceptance of Rear Admiral Mayo's original conditions.

No recognition of Huerta. The United States will not recognize the government of General Huerta from Senor Porfirio V. Rojas, Huerta's minister for foreign affairs, that the return salute would be regarded as a recognition of his government.

Money for the States from Forest Reserves. Washington, April 17.—(Special.)—Senator Chapman of North Carolina offered an amendment to the Weeks forest reserve bill today, which provides that 15 per cent of the gross receipts of the government from its forest reserves shall be paid to the states in which the forests lie. This percentage is asked in lieu of taxes formerly paid by private owners before the government bought the lands. The amendment is the one under which the government has bought several thousand acres of land in the Georgia mountains. Its principal revenue now is from the sale of timber rights. It is proposed, however, that the government transform these forests into pleasure parks and lease hotel cottages and campsites. If this is done, the revenues will be greatly increased. The proposed amendment the government would pay more to the state than the private owners paid in the form of taxes.

State Sunday School Association Is Planning Even Greater Accomplishments For Coming Year. Delegates to state Sunday school convention at Milledgeville, Ga., April 17.—(Special.)—Notwithstanding the fact that the work of Georgia churches in the Sunday school has been steadily increasing for some time, the Georgia Sunday school association, in its annual convention, which closed here last night, announced that the Georgia Sunday school association will begin more elaborate plans and undertake still larger work in this state next year. For this purpose the budget for the coming year, which was \$40,000, in the past year, to \$45,000 for the coming year.

Regret expressed by United States for anything that may have altered the friendly relations with Colombia. Text of new treaty published in Paris. Are you looking for an opportunity to make a good profit easily and quickly without the investment of a single dollar during the next few weeks? Have you an ambition to advance yourself toward ultimate success in life and are you willing to use the abilities that nature gave you in order to do so? If you have such ambitions, it is to be regretted that you are not a member of the 13 High-Grade Automobiles and Other Valuable Prizes Given Away by Constitution.

For Anything That May Have Altered the Friendly Relations With Colombia. Text of New Treaty Published in Paris. Paris, April 17.—The text of the treaty between the United States and Colombia, settling the Panama controversy, was made public here today through the Colombian legation by the publication in The Temps. The treaty was signed at Bogota, April 7, by United States Minister Chadwell A. Brown and Dr. Francisco Jose Urrutia, Colombian minister of foreign affairs, and the members of a Colombian advisory commission.

First Article of Treaty. The first article of the treaty, as published, reads in substance: "The government of the United States, desiring to put an end to all disputes and differences with the republic of Colombia, occasioned by events which have brought about the present situation in the Isthmus of Panama, in its name and in the name of the people of the United States, expresses sincere regret for anything that has disturbed or interrupted the relations of cordial friendship existing long between the two nations. Colombia, in her name and in the name of the people of Colombia, accepts this declaration in the full assurance that in this way will disappear all obstacles to the restoration of complete harmony between the two countries." The treaty provides that "Colombia shall enjoy freely and in perpetuity free passage through the Panama canal for her troops, stores and warships, and the last article, which contains the exchange of ratifications of the treaty, the sum of \$25,000,000 shall be paid to Colombia.

Canal Privileges. The article relating to canal privileges in favor of Colombian products imported into the Canal Zone and for special advantages in the railway traffic of Panama when the canal service is opened, which shall be when it is needed for Colombian agents and troops and for war stores. "Colombia recognizes Panama as an independent state and the United States on the Pacific ocean at points equidistant between Colinto and Arica," the treaty provides. "The United States and Colombia shall have equal rights in the government of Panama of an agent to negotiate with Colombia a treaty of peace and friendship, which shall include an agreement regarding the pecuniary liability of the two countries."

ment, but to the Mexican flag as representing the Mexican nation, and no question of recognition is involved, according to Secretary Tumulty, who said that the Huerta government had been suggested by the Huerta government in its formal communications.

"Recognition is not extended by inference but by intent," said a high administration official tonight. "Under no circumstances will the salute be given to the Huerta government."

Acting Chairman Shively, of the senate foreign relations committee, who conferred with Secretary Bryan tonight, also said there never had been an official suggestion of recognition in the negotiations, and that no salute would be given under such a condition.

On the Mayo Ultimatum. "The government here is standing on the original ultimatum of Admiral Mayo," he said. "In accordance with custom, the salute from Mexican guns would be acknowledged as Admiral Mayo set forth in his demand. But quibbling and twisting will not be tolerated by the United States. As far as saluting the Mexican flag is concerned, it would not constitute recognition of the Huerta government. There is only one flag in Mexico. All factions in that republic fly the same flag. The return salute merely is an international custom. Also recognition is a matter of intent and in acknowledging Huerta's apology this government expresses no intent to recognize Huerta as a sovereign power."

No Telling About Huerta. No reply to the last American note transmitted through Charge O'Shaughnessy had been received up to late today, and no orders to the American war fleet to slow down or turn back had been issued. Administration officials considered, however, the main point at issue--the exchange of salutes--had been settled; they regretted Huerta's "haggling over details," as one official expressed it, as not likely to prevent an adjustment of the controversy. They believed the crisis was over, but on the other hand, in view of the kaleidoscopic changes of the last three days, said they would not be surprised if the hitch grew details became serious again.

The American government holds that when a twenty-one-gun salute is fired to the Stars and Stripes, the salute in acknowledgment will be fired to the Mexican flag.

Plenty of People Strive For Constitution Autos

Georgians and Atlantans are multiplying over themselves to own automobiles at the expense of The Constitution.

How you can win an auto from The Constitution is set forth in this paper. Or you can write the office for details.

It all depends on, as old Gen. Grant used to say, "getting that fastest, with the mostest" votes in The Constitution's contest.

Thousands of people in Atlanta and in Georgia are seeing the chance of their lives to ride on rubber tires.

They are setting a red-hot pace. Do you want to realize the dream of a life, and own an automobile? For details, write--

Three Members of Savannah Force File Label Suits Following Accusation.

Savannah, Ga., April 17.—(Special.)—Label suits aggregating \$30,000 were filed in the city court today by three members of the Savannah police department against William N. Nichols. The suits allege that in letters Mr. Nichols imputed larceny to members of the department.

The officers filing the suits were Chief of Detectives J. J. Murphy, Detective J. K. Beach and Secretary to Detectives W. A. Lufborough. They ask Judge John R. Schwartz and Charles S. Connelly.

All the suits grew out of the same matter--the arrest of James Matthews, Negro, who is the husband of Mr. Nichols' cook. It occurred at the time of the arrest that Matthews was seized and, according to Mr. Nichols, it was taken of a trunk. The police officers deny that the money was found on them.

A "Cinch" To Get Auto With This Single-Shot Argument

If you want to own an automobile right now at the beginning of summer, here is an excellent chance to win one with a "single-shot" argument.

The Constitution monopolizes the morning field in and around Atlanta.

And The Constitution offers handsome autos for prizes in a competition for subscribers.

All you have to do is to take up subscribers to The Constitution, an easy job when you consider that The Constitution has no competitor.

A little mental effort and leg work will win an automobile. Do you want an auto? Read details elsewhere, or write--

STATE SUNDAY SCHOOLS
PLAN FOR COMING YEAR

Continued From Page One.

Twenty-nine miles in length and only one Sunday school is found.

F. L. Mallory, of Macon, is authority for the statement, which he made in public at this convention, that, within sight of Macon's church spire, is a community where he found twenty-five families without any church connection whatever, and fifteen other families in the same community which had no connection with any Sunday school.

These facts indicate that, though Georgia is one of the foremost states in the union in some other matters, she is sadly lacking in development in making effort to reach the hearts and lives of her youth at their most impressionable age through the channel of the Sunday school.

But the dawn of a better day is upon the Empire State of the South. Large contributions of money for the support of the work, both from individuals and from county organizations, the consecration of their talents to the work by such men as Asa G. Chandler, W. S. Witham, Dr. E. C. Dargatz, Mrs. Mary Harris Arnold, Dr. Rufus W. Smith and scores of lawyers, doctors, college professors, business men and farmers of every walk in life and the renewed determination of the leading denominations of the state to co-operate in pushing the work, are all guarantees of a bright future.

Church's Best Investment.

The shining fact that the Sunday school is the best investment that the church can make was forcibly brought out at this convention. As it is today, less than 10 per cent of the church budgets go into the support of the Sunday school. Yet \$3 of every \$100 of the new converts coming into the churches each year from the Sunday school; 30 out of every 100 church members are furnished by the schools; and \$3 of every \$100 of the church's income is derived from the Sunday school.

This shows that the Sunday school receives less than 10 per cent of the budget, yet pay back more than 90 per cent in return.

Ser. Henry B. May stated in this convention that in a revival campaign near Atlanta, with an evangelist and new converts were made, but in his Sunday school on one special day for Sunday twenty-seven new converts joined the church and confessed Jesus Christ as their Savior.

CANDIDATES WORKING FOR AKERMAN'S PLACE

Washington, April 17.—(Special.)—Fred T. Sauter, of Savannah, was the only one of the three candidates for the place of Attorney General of Georgia, who saw the attorney general today.

Savannah, and D. A. H. Crum, of Georgia, who had been standing on the fringe of a crowd of fifty yards away attending a noon meeting of the unemployed, and the Industrial Workers of the World, saw the attorney general today.

As the mayor took his seat Mahoney was led out of the traffic police station into the ambulance that took him to police headquarters, the crowd lunged toward him, menacing and loud-voiced, but the police drove them back.

The automobile which waited on Park Row was to take the mayor to the city hall for lunch. In thirty seconds the car would have started at that time. Mahoney, who had been standing on the fringe of a crowd of fifty yards away attending a noon meeting of the unemployed, and the Industrial Workers of the World, saw the attorney general today.

YEGG SUSPECT HELD
FOR INVESTIGATION

Officers Believe Ed Murry Implicated in Safe-Cracking at Fairburn.

Ed Murry, who gives his occupation as a coal miner and address as Savannah, was arrested in Atlanta late Thursday night and held at the police station for investigation.

The officers, Sergeant George Bulard and his partner, Plain Clothes Fultonman Shaw, who have recently made quite a reputation for catching professional safe blowers, made the arrest, and state that they believe the man is implicated in the safe cracking at Fairburn, which was done last Saturday night.

On that night, this safe was blown recently, but on each occasion the blowers secured nothing for their efforts.

The officers state that Senator Long, of Fairburn, will identify the man as one who was lurking around the depot on the night of the attempted robbery. Senator Long has been furnished with a description of Murry, and states that it fits the man he saw growing around the depot on that Saturday night.

MISSED THE MAYOR AND SHOT LAWYER

his questioners, he seemed hardly to know what he had done. He wore a ragged fringe of white beard, and was clad in an ill-fitting suit.

While the police were trying to learn the man's name, which he persistently refused to give, a jostling crowd packed the place.

"Where's the assassin? Lynch him!" one of the crowd cried. It was shouted at the time that the corporation counsel had lost most of his lower teeth and that the jawbone had been pierced in two places by the bullet, but a later report from the hospital said only one tooth had been knocked out, and that unless blood poisoning set in, the wound would not prove fatal.

The prisoner underwent a searching examination at police headquarters, the crowd lunged toward him, menacing and loud-voiced, but the police drove them back.

URGE PASTOR TO QUIT
CRITICISM TO CHURCH

First Methodist Stewards Oppose Public Utterances of Dr. DuBose.

It was the publicity which Dr. H. M. DuBose, pastor of the First Methodist church, gave to the view on the locker club question, as applied to members of his own congregation, which caused that special meeting Thursday night of the stewards. A resolution adopted at the meeting is said to have had for its substance the suggestion that, in the future, Dr. DuBose confine his utterances about church members to precincts of the church.

Dr. DuBose took the resolution in good part, but did not make any promise that he would heed it.

"For my statement was made in connection with my membership of the Anti-Saloon League of Georgia," he said, "I am responsible only to the North Georgia conference. My attitude toward locker clubs and all similar evils will be the same in the future as in the past. I consider it to be among the greatest evils of the times and one of the greatest sources of church demoralization."

About half the stewards of the First Methodist church are members of at least one club. Several belong to two or three. They made it plain at the meeting that they did not consider their club affiliations in the least discreditable, and that they had no intention of quitting them on account of Dr. DuBose's position. The opinion was practically unanimous. It is stated that Dr. DuBose in his campaign against the clubs had exceeded discretion.

Dr. DuBose's attitude was defined originally as being that members of the First Methodist church who belonged to locker clubs should be tried under the church discipline. This attitude was later disclaimed by the ministers' union in a long statement, but seems to have been accepted by the board of stewards as valid.

Boston, April 17.—Sawdust formed part of the filling of sausages offered for sale by a merchant here, according to a court finding today. Sentence was deferred.

CHATTOOGA PEACH CROP DAMAGED BY COLD SNAP

Lyerly, Ga., April 17.—(Special.)—A close inspection of the fruit crop shows that only a part of the crop was destroyed by the recent cold snap. The average about one-third of the crop was killed, which will reduce the crop.

to a normal one, but as yet there is an abundant crop of peaches, apples and cherries. The trees would not have carried the fruit had the cold snap not come and killed part of the young fruit. Peach men of northwest Georgia are very much encouraged over the present outlook and they say they are expecting a large crop this year.

Another Day of "Clean Up" Prices

Another Opportunity To Save a Fourth, a Third, a Half On Your Spring Shopping

Another day of savings before you, another opportunity for thrifty women to make the most of. At this writing Friday afternoon the crowds are large. They are buying suits and dresses and blouses, muslin underwear, corsets, silks, laces, wash goods, leather goods, etc., because they are finding that the Clean-Up Sale has back of it a sincere purpose expressed in low prices.

But do not for an instant think that yesterday's business will end things—there are too many values to go in a day. That is why we started the Clean-Up Sale a day before the official C. U. & P. U. Day.

Today, however, will end it all! What is not done then must be left undone. What is not saved then one can hardly hope to save on merchandise of such splendid quality and style.

Briefly, here are some of the values. There are many, many others that the woman who will spend a while in the many departments will, much to her pleasure, and profit, soon find.

**PURCHASING AGENT
ASSAILED BY FEE**

Seeks to Abolish Department, Although It Is Said to Have Saved City \$50,000 Since It Was Established.

Despite the fact that the city purchasing agent department has saved the city more than \$50,000, it is stated, during the brief period the office has been in operation, Councilman Jesse B. Lee, of the Fifth ward, wants the office abolished.

Councilman Lee is drafting an ordinance which proposes repealing the ordinance creating the office of purchasing agent, or rather limiting his powers in the matter of purchasing supplies for all departments of the city government. Councilman Lee takes the position that the ordinance was not intended to place the purchasing agent in control of the purchase of all supplies for the city government, including fire apparatus, hose, machinery, and other equipment which cost more than \$1.00 and upon which boards previously controlled.

City Purchasing Agent Chambers does not enjoy the sole authority to purchase supplies.

The ordinance under which he works requires that an advisory board composed of the mayor, chairman of the finance committee and the purchasing agent be consulted. This section of the ordinance, according to Mayor Woodward, has been worked out satisfactorily. Several weeks ago the city purchasing agent recommended the purchase of an American La France engine for the eighth ward for \$3,000. The purchase saved the city several hundred dollars.

On Wednesday the department purchased \$2,500 worth of fire hose from the Eureka Fire Hose Manufacturing company and the Bi-State company at a saving of more than \$350 to the city.

JUNIOR VAUDEVILLE FOR GRAND ON MONDAY

Beginning Monday at the Grand opera house, Junior Keith vaudeville will be the attraction, at popular prices which will be within the reach of all. The entertainment will consist of five acts of excellent vaudeville and a splendid four-real picture.

There will be three performances daily—at 8:00 o'clock, 7:30 o'clock and 6:00 o'clock. Complete changes of program will be made on Mondays and Tuesdays.

Prices will be 10 cents for any seat in the house at the Grand opera house, 10 and 20 cents at night.

The local audience is particularly pleased with the children, and the theater will be ruled by the children's possible plans.

W. H. Hearn, who has managed several similar enterprises for Jake Wells in Virginia and New York state, is the manager.

MOTHER WINS CUSTODY OF MADELINE BARLOW

The supreme court on Friday affirmed the decision of the ordinary court of Stewart county, which awarded the custody of little Madeline Barlow to her mother, notwithstanding the fact that in the original decree of divorce, obtained in Fulton county, the custody of the child was given to the mother, who lives in Cuba.

The Barlow case was argued in the courts some months ago, when Mrs. Barlow temporarily resided in Atlanta.

The supreme court held that while a decree of divorce awarding custody of a child originally is prima facie evidence of the proper disposition of the child, it is not necessarily final, and might be reversed by proper showing in the court of ordinary.

MARKS FIGHT KATPATRICK DIVIDING THE LABOR VOTE

Federation Will Elect Officers and Choose Next Meeting Place Today

Macon, Ga., April 17.—(Special.)—Being unable to complete the business of the annual convention in three days, the Georgia Federation of Labor decided this afternoon to remain in session through tomorrow, at which time officers will be elected, the next place of meeting chosen, and all unfinished business disposed of.

The indications are there is going to be somewhat of a fight over the office of president, the Atlanta delegation, one of the largest in attendance, being divided between W. E. Mark, the present incumbent, and Hoyt Kirkland. In addition to these, there are being spoken of in connection with the presidency are T. W. Williams, W. A. McKenna and C. C. Ostry.

Every indication points to the reelection of Mark. He has held this office for three years, and has made the place of the Federation very prominent today, and it begins to look as though the convention may take that place.

Much of the time was taken up today with the discussion of the legislative program. Some delegates wanted to center on three of the most important bills, those of child labor, compulsory education and free text books, and others to secure their passage by the legislature.

It was pointed out that because the Federation has had so many bills before the legislature heretofore, none of them have passed in the last two years. Representatives of various unions having bills pending, however, objected, and it was decided to let all bills go in.

There were about twenty bills which have been reported on favorably by the legislative committee.

Mule, Wagon and Negro Fall Into Burning Pit; Mule Pulls Negro Out

Cordelia, Ga., April 17.—(Special.)—"Black" Bailey, a negro driver of a team wagon, came near being burned alive yesterday afternoon, when his mule, wagon and himself fell into a pit where trash and rubbish was being burned.

Though badly burned, the negro succeeded in cutting the mule loose from the wagon and it escaped after its tail had been burned off, the negro clinging to the harness and being dragged from the pit. The wagon was completely destroyed.

MANY JOBS ARE OPEN IN FEDERAL SERVICE

Beginning Wednesday, May 6, Secretary of the civil service commission, will hold open competitive examinations to secure a government aid in standardization, for assignment to the bureau of plant industry, department of agriculture, at New Orleans, the pay being from \$1,600 to \$1,400 a year.

Also to secure a computer and estimator in the office of the supervising architect, treasury department, for this position applicants must be examined in the state in which they have lived for one year. The salary attached runs from \$1,600 to \$1,400 a year, and the examination will cover two days—Wednesday and Thursday, May 6 and 7.

Monday, May 11, Secretary Hays will hold an examination to find an associate architect, whose pay will be from \$2,100 to \$2,700 annually.

WINNETT TRIES OUT NEW ROAD MACHINERY

Lawrenceville, Ga., April 17.—(Special.)—The improved road machinery recently purchased by the commissioners of Winnetta county arrived last week and is now being tried out for the first time. The board of commissioners and a number of citizens who have seen it work are well pleased with the same and regard it as a good investment.

The machinery consists of a tractor engine weighing ten tons and developing thirty horsepower, which pulls a number of other machines. A scarifier does the plowing and is hitched next to the engine. Then there is a set of a dozen plows to tear the earth up, followed by a set of scrapers that throw the dirt toward the center of the road, and finally a roller to fill the gullies. This is followed by a planer, which levels and grades the road.

The machinery works in the neighborhood of \$1,000, and is able to work about ten miles in a day with gasoline. The county already has over 100 miles of graded roads.

WOODS WHITE TO SPEAK AT RAILROAD Y. M. C. A.

The usual same evangelistic enthusiasm will mark the service of the Railroad Young Men's Christian association, 215 West Alabama street, Sunday afternoon, April 19, at 7 o'clock. The White, the champion of association work, will address the meeting. His principal, forceful style of speaking, and his interesting personality, will be an interesting speaker.

A male quartet, under the leadership of Harry James, will sing, and there will be a band of young men, and a vocal soloist. A cordial welcome awaits every man.

WILL TRY TO SETTLE BRINSON ROAD STRIKE

Savannah, Ga., April 17.—Through the efforts of the Georgia Railway and Electric company, the Brinson road strike has been settled, and the road will be opened to traffic.

A. R. Moore, president of the chamber of commerce, and the United Brotherhood of Carpenters and Joiners of America, have mediated and conciliation will be used to settle the strike of the conductors of the Savannah and Western railway. It is expected that the settlement will arrive tomorrow or Monday.

APPEALS COURT HEARS VETERAN'S DAMAGE SUIT

The court of appeals heard yesterday a case growing out of the last veterans' reunion in Macon.

William Johnson, 75, a veteran of Hillabee, Texas, brought suit against the Atlanta Terminal company, the Southern Railway company, the Georgia Railway and Electric company, and the Georgia Railway and Electric company, for damages sustained by him when he was injured by a train at the Terminal station, and it was not being ready to go, he started out across the platform and was struck by the train, and sustained injuries.

He claims that the place was not well lighted, and thinking it was one of the exits from the station, he walked off into the street below, falling 10 feet to the ground, causing his thigh, breaking his hips and being injured otherwise.

The companies filed a general demurrer before Judge Holt, but he overruled them and they carried case up. The Southern Railway was represented by Arthur Heyman, the Georgia Railway by Burton Smith and J. W. Crenshaw. Mr. Johnson has his first lawsuit in the court of appeals, and was greatly aided by his friends.

Dreaming of Movie Show, He Thinks Home Is Afire And Leaps From Window

Columbus, Ga., April 17.—After attending a moving picture show in which he saw the portrayal of a serious fire, C. W. Revel, insurance man, returned home, tonight, retired on the second floor, fell asleep and dreamed that the building was on fire. Still asleep he went to a window near his bed, opened the blinds and jumped to the ground below. He was picked up later by others who were awakened by his fall and was found to have escaped very serious injury.

YOU HAVE TO DANCE AND KISS PROPERLY, DECLARES RECORDER

Etzel Gibson, actress, playing at the Columbia Burlesque theater, was handed a copy of charges to appear in court on Friday for trial before Recorder Nash Broyles at the Thursday night performance by Chief Beavers special theatrical critic, Special Officer Ed Arthur.

The police theatrical critic had just witnessed one of the dances done by the dancer and objected to it.

The girl failed to appear in court, and was fined five minutes. She was arrested it was discovered at her hotel that she had left the city.

Also on Thursday night the police theatrical critic visited other local playhouses. At the Old Mill theater, on Whitehall street, he served a copy of charges upon Mrs. F. W. Kennedy and Gus Mortimer for staging a brand of "real kiss" which, the officer stated, lasted for five minutes.

Mrs. Kennedy and Mortimer were fined \$25.15 each. Mortimer remonstrated, stating that they were only staging a kissing act that he had seen at a three-dollar show. Such was witnessed by Atlanta society, and had not been objected to at the time.

Judge Nash Broyles examined the defendant then, and under the cross-examination Mortimer admitted that the kissing act as staged by himself and Mrs. Kennedy was different from the one at the three-dollar show.

Judge Broyles told The Constitution reporter that the afternoon papers had made it appear that he had fined "real kissers" merely for staging an innocent church altar scene.

CRACKERS START ON FIRST AUNT

Left Friday Afternoon for Memphis, Where They Play Four Games—Return Monday, April 27.

Bill Smith and his Crackers, nineteen strong, left Friday afternoon for Memphis, where they open up their first road trip of the season.

They will play four games in Memphis, then go to Chattanooga for four, returning to Ponce de Leon park Monday, April 27, with Memphis as their opponents.

Manager Smith took the following men on the trip: Dick Price, Deacher, Kinsinger, Browning, Herrman, Bird, Dunn, Munch, Reynolds, Pibel, McConnell, Jennings, Holland, Lynch, Lowe, Welchman, Pannan, Kircher.

The feature of the trip will be the appearance of Rube Kinch, former pitcher in Memphis in a Cracker uniform. We would give anything to hear the greeting he will receive.

Rube and George Kircher are framing up a special coaching line staff for the benefit of the Memphis tandem. Jack Deacher and Ben Reynolds will probably be the Crackers' battery for the opening game of the series.

CALLER KING OPENS BASEBALL DETAIL

Goller King, who has been running a baseball detail on Atlanta road games for years, will open his detail this afternoon, detailing the Cracker-Turner series of games.

The outline will start promptly at 2 o'clock. The usual stand, second floor of the Steiner-Emery building, will be used.

CRACKERS OPEN MEMPHIS TODAY

Captain Harry's Pinch Swat Breaks Up Pitchers' Battle; Cop Three Out of Four Games

By Dick Jenkinson.

Captain Harry Welchman again broke up a perfectly good game of baseball in the ninth inning yesterday afternoon, making the second of the series with the Volunteers that he has terminated with one of his famous pinch swats.

With the score standing 1 to 1, McConnell on second base and the umpire about to call the game to allow both teams to catch a train for other parts, Harry lined one a mile a minute right over second base.

Johnny Lindsey made a game try to get the ball, but was only able to deflect it with one hand. This added McConnell in his effort for the plate. Atlanta's job would be complete if Alvin Hinder was still connected with the vols as president. But Nashville fans only remember the name of Welchman and they are two ball games away from seeing him.

The contest was a wonderful pitcher's battle, with Emmet Kay Perryman, the former major league pitcher, working for the Crackers against Stevens.

It was as pretty a game of baseball as one would care to see and, coming after the horrible exhibition that was staged on Thursday, delighted every fan and soul. Major in the fair game in large numbers. Perryman, the first pitcher of the season, inspired the teams to extra effort. Whatever it was, they played great baseball.

Neither side made a bobbie. Each pitcher only allowed three hits. It was the fourth game of the series to be decided by a one-run margin. The Crackers won the first, 5 to 4, and the fourth, 2 to 1.

Three games out of four over the Crackers have been won by the toughest club in the league for the season. The Crackers have won the kind of a ball team they have, or what kind of ball they play in each game, is going some.

Perryman's Great Hurling
Perryman's hurling was the delightful feature of the game. The big fellow "had something" on that old ball.

Montgomery, Ala., April 17.—For the second time in the present series Montgomery and New Orleans battled in extra innings this afternoon before a large crowd.

Pitching by Babby, who yielded neither hit nor run, and allowed local better to reach third base for the seven innings he was on the mound, won the game for New Orleans. He reached William in the fourth inning, whose wildness permitted Montgomery to score on an in-field hit of the first three innings.

OTTORDIAN GETS SCORING FROM BILL

Otto Jordan, former Cracker manager-captain and season-passman, has secured Arthur Schwid for his Dallas, Texas, club of the Texas league.

Schwid has left to join his new team. As he played in the Texas league last season as a familiar with conditions there, he should help Jordan immensely. Local fans wish him well in his new berth.

With the release of Schwid, but not the release of the roster. Of these, there are seven pitchers, three catchers, five infielders, three outfielders and a utility man. One pitcher, one catcher and one infielder will be released at the final cutting down time.
